

From now on, **never apart**

Bona Mega ONE – ONE promise, ONE partner

Bona[®]

Bona Mega ONE

With the launch of Bona Mega ONE, Bona continues to innovate the floor industry and redefines the rules of wood floor finishes. With no mixing, no waiting and no primer required, Bona Mega ONE delivers speed, simplicity and a fantastic result.

- ✓ Simple and convenient
- ✓ Time saving
- ✓ Great build and result

From now on, never apart

Building on the DNA and success of Bona's waterborne finishes, Bona Mega ONE now delivers fantastic benefits for contractors and floor owners in need of durable everyday floor protection.

Bona Mega ONE is your perfect partner for wood floors. With no mixing and no primer required, Bona Mega ONE delivers 1-component convenience with 2-component performance.

Excellent fill and levelling ensures easy application and a great build for outstanding durability and a smooth, even, premium quality finish. And with easier abrasion and fast curing, you can enjoy minimal downtime, with increased jobs and customer satisfaction.

Simply Superior.

Unique benefits that you can rely on

Simple and convenient

A primer and top coat in one, the innovative properties of new Bona Mega ONE allows you to simply pour directly onto the surface. With no mixing, no waste and no additional primer required, for speed, simplicity and value, it can't be beaten.

Time saving

Drying in as little as 1 hour, you can abrade without the fear of clogging, to achieve the perfect finish with ease, speed and complete Bona confidence. No clogging also means that abrasives last longer, saving time and money.

Great build and result

The exceptional build and filling power of Bona Mega ONE offers forgiving application, optimal durability and a surface to be proud of. Delivering great levelling and a fantastic, lasting finish, its non-yellowing formula offers the perfect surface finish.

Pour out perfection

Outstanding in comparison

In tests comparing Bona Mega ONE to 6 of the leading 1-component waterborne finishes, Bona Mega ONE exceeded the industry average in 7 out of the 8 test criteria. With outstanding scuff and taber resistance, as well as superior fill, level and mid abrasion, Bona Mega ONE performs like no other.

How to instructions

Experience simplicity and speed with Bona Mega ONE. By following these simple steps you can achieve a fantastic result with full body and a great finish, in no time. While traditional

lacquers require a primer, followed by layers of coats, thanks to its unique, innovative formula and fantastic filling power, with Bona Mega ONE great floors have never been easier.

1 Sand the floor with Bona Flexisand or Bona Belt.

2 Pour out and fill the tray with Bona Mega ONE.

3 Use a Bona Roller and apply first layer of Bona Mega ONE.

4 After only 1 hour, mid abrade with Bona FlexiSand.

5 Thanks to its unique properties there is no clogging and abrasives last longer.

6 Remove sanding dust with a Bona dusting pad or a Bona DCS25.

7 Apply second and third layer of Bona Mega ONE.

8 Floor is protected with beautiful result.

Do more

Thanks to its non-yellowing formula, Bona Mega ONE is your perfect partner for transforming wood floors.

Bona White and Bona Mega ONE enables you to achieve beautiful light floors that enhance light wood species. For light grey floors inspired by interior trends, Bona Decor Paint is the ideal companion to Bona Mega ONE.

For bright, beautiful surfaces that last, Bona Mega ONE, in combination with Bona White or Bona Decor Paint are the perfect work partners.

When to use what?

Bona Mega and Bona Mega ONE offer durability and care based on the specific demands of different wood floor surfaces. From domestic spaces with a focus on safety and sustainability, to commercial areas like hotels and offices, Bona protects. Whatever the job, you can rely on Bona Mega and Mega ONE for the perfect finish.

For heavy domestic and light commercial areas that require fast application and low downtime, or for light wood surfaces or creative effects, choose Bona Mega ONE.

- ✓ Great on light wood
- ✓ Reduced downtime
- ✓ From domestic to commercial areas

City Hall, 500 m²

When recoating 500 m² of solid wood parquet floor as part of the renovation of Meschede's City Hall, Bona craftsmen put Bona Mega ONE to the test. First the space was

sanded, then 3 coats of Bona Mega ONE were applied. The result? The dull surface is replaced with a beautiful, rich finish that has the durability to stand up to any event.

Broad usage with Bona Mega ONE

A full range of solutions

Bona has a complete range of solutions to meet all wood floor needs. Our portfolio of finishes offer durability and care based on the specific demands of different wood floor

surfaces. From domestic spaces and hotel rooms with a focus on safety and sustainability, to intense traffic areas such as airports and shopping malls, Bona protects.

Perfect when **installing** floors

Bona offers innovative products for the installation of new floors, as well as renovation of existing floors. Bona Titan is a high performance silane adhesive that delivers safer, stronger and longer lasting wooden floors with fast initial bonding. When used with Bona Mega ONE, the result is a beautiful new floor, protected for generations to come.
