- ✔ Flexibility and easy tool attachment
- ✔ Ideal for steps and small spaces

# Bona SupraFlex

## Brushing right up to the edge

Introducing Bona SupraFlex, the all-in-one edge tool. Suitable for both brushing and sanding wood and other substrates, Bona SupraFlex is the perfect edge sanding companion to the Bona Power Drive NEB, helping you with those hard-to-reach areas.

### The ideal companion

Bona SupraFlex is the ideal companion and supports all functions of the Bona Power Drive NEB. From bare wood, to fine sanding and wire brushing for creative effects, this high performance edging tool enables unique 2-dimensional colour and brushed effects, right up to the edge.

Powerful performance right up to the edge.

### Added extras

Bona SupraFlex is presented in a handy Bona by Flex carry case, which also contains a dust guard, vacuum hose and Velcro sanding pad. The dust guard connects to the DCS 70 with ease, to enable healthy, dust-free sanding.

### Power and flexibility

With its powerful 1400 W motor, Bona SupraFlex features stepless speed selection for easy speed adjustment, as well as reduced noise. Its low height enables it to reach difficult areas, while its M14 tool fixture allows easy changing from sanding pads to brushing with new Bona Cup Brushes, with just a simple twist.

Moveable head with quick snap makes it easy to get close to walls and hard-to-reach areas.

**Note**

Use at lowest speed for optimal control when brushing edges with Bona SupraFlex.

## Easy edge sanding and brushing steps

For best results, Bona recommends the following steps for sanding and brushing:

AMF 100000  
Bona SUPRAFLEX

Powerful 1400 W sanding machine for edge brushing and sanding of wooden floors.
