

Bona Sportive Cleaner Plus

Technical data sheet

Designed for occasional cleaning of wooden sports floors to remove the build-up of body fats and other contaminants. It may also be used to spot clean black heel marks and remove certain types of handball glue.

- Decreases floor and restores friction
- Removes syntetic materials from shoe soles and the like
- Removes certain types of handball glue

Technical data

pH-value:	Concentrate approx. 12,5 Working solution: 11
Dilution:	1 litre to 5 litres of water (16,7%)
Safety:	Irritant, see safety data sheet for more information.
Shelf life:	At least 2 years, from the date of production, in unopened original container
Storage / transport:	Store frost free.
Pack size:	3 x 5 litres (44 boxes per pallet)
Certifications:	FIBA certified

Preparations

Remove loose dust/grit etc using a vacuum cleaner, scissor mop or other dry cleaning method.

Application

Apply the diluted product to a section of the floor using a mop or spray equipment. Allow the solution 3-5 minutes to dissolve the dirt. Scrub the section using a buffing machine or an autoscrubber equipped with a red pad and remove all dissolved dirt. Once the entire floor has been deep cleaned then make another pass with the autoscrubber with only clean water in the tank.

Note: Keep the amount of water used to clean to a minimum. Pay attention to large gaps in the floor, do not allow excessive amounts of cleaning solution to seep into open gaps.
