## Bona SuperSport Deep Clean

Great surfaces for great games

Designed for occasional cleaning of indoor sports floors to remove black heel marks, handball glue as well as build-up of body fats and other contaminants that may make the surface slippery.

### APPLICATION

Apply the diluted product to a section of the floor using a mop or spray equipment. Allow the solution 3-5 minutes to dissolve the dirt. Scrub the section using a buffing machine or an autoscrubber equipped with a red pad and remove all dissolved dirt. Once the entire floor has been cleaned, make another pass with the autoscrubber with only clean water in the tank.

### KEY BENEFITS

- Degreases floor
- Restores friction
- Removes scuff marks
